

CIRCORSmart™

PUTTING CRITICAL DATA AT YOUR FINGERTIPS.

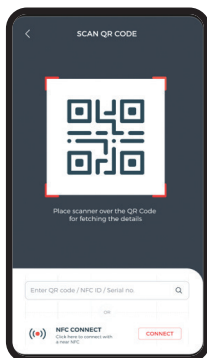

The app designed to make your job easier.

With the recently expanded “North American Pipeline and Hazardous Materials Safety Administration Mega Rule” regulation in USA and the “DIN SPEC 91406 industrial standard” (Automatic Identification of Physical Objects and Information on Physical Objects in IT Systems, Particularly IoT Systems) in Germany, having the necessary data for products like the CIRCOR Rapid Opening Closures is now considered a crucial path for operators. With CIRCORSmart, accessing the info you need has never been easier.

INSTANT INFO. IMMEDIATE ANSWERS.

Using QR codes and NFC technology, CIRCORSmart accesses essential and specific product data almost instantly. With the CIRCORSmart app, you'll have access to:

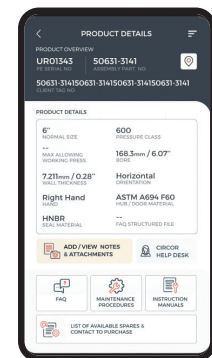

- › Product-specific instruction manuals
- › FAQ and troubleshooting tips
- › Instructional videos
- › Spare part requests
- › Material records
- › The expertise of product specialists

PRODUCTIVITY-ENHANCING FEATURES.

CIRCORSmart serves not just as a source for answers but also as an invaluable tool for keeping track of products and their maintenance schedules. CIRCORSmart allows you to:

- › Track maintenance on each product
- › Take detailed notes
- › Attach photos and important files

GET THE APP.

Discover the difference in having immediate access to critical information and product tracking on your operation and its uptime. Download the CIRCORSmart app today.

INDUSTRY-LEADING INNOVATION.

CIRCOR is known for its difference-making solutions and the CIRCORSmart app is no exception. CIRCORSmart's constant access to critical information paired with the reliability of CIRCOR's products keep downtime to an absolute minimum.
