

PARTNERED WITH

STL ARE NOW THE SOLE UK AGENT FOR SART von ROHR

We are excited to unveil our exclusive partnership with SART Von Rohr! After years of supplying their exceptional products, we have now solidified this collaboration for the UK and Ireland.

WHO ARE SART VON ROHR?

In France and for more than 90 years, Sart von Rohr has been a leading manufacturer of control valves and steam products. With a focus on design, production, and sales of industrial control products, Sart von Rohr offers a diverse range of sizes ranging from DN 15 to DN 200. These quality products are suitable for various fluids such as natural gas, steam, thermal oil, sea water, and more. Their commitment to quality is evidenced by their adherence to ISO 9001, Pressure Equipment Directive 2014/68/UE, EAC, and BV certifications for their control valves, regulators, and steam traps.
